## OUR PRE SCHOOL

Every child requires individual attention; and we believe that the younger the child is, the greater attention he needs. Hence when a child is stepping into the realm of knowledge via pre school classes, he needs special training to fortify his basics. This need gave way to the foundation of the KIPS Pre-School.

### OUR CHIEF EXECUTIVE BELIEVES

**Mr. Abid Wazir Khan**  
Chief Executives

People of Pakistan are a nation of great potential and spirit, and there are, therefore, great prospects for Pakistan to play an unprecedented role in changing today's world into a world of real peace, progress and prosperity. Our future together with the future of the world, I believe, lies in hands of our children who need to be groomed and educated in the way that perfectly accords with the philosophy of Islam. With this vision we have laid foundation of KIPSCHOOL that offers a complete career path to children, ensuring their full mental and physical growth, and helping them to play a leading role in tomorrow's world. Your coming and visiting KIPSCHOOL would be indeed a matter of great pleasure and pride for us.

# THE REAL DIFFERENCE

## THE ACADEMICS

KIPS Pre-School helps children learn through EPL exercises such as Sponging and Water Pouring from one container to the other that helps the child to improve his fine motor muscles or Stringing Bead exercise that provides a good hand-and-eye coordination.

Before a child begins to write, he needs to learn how to hold a pencil, and for this purpose, Pegging Exercise is done by the children. At the second stage, scribbling is introduced to the young learners, thereby giving them the concept of moving a pencil. Then comes the stage of Pre-writing Skills, and here green boards are used to introduce English/Urdu alphabet to the beginners with the help of 10 -15 vocabulary words. Numeric figures and Urdu Letters are introduced in different creative ways. The stage of Naming, Pronunciation, and Recognition of words is equally important for the young students.

Here children learn to write alphabets from A-Z without dots. The same practice is carried out in Urdu and Numeric Digits. We give the initial concept of Units, Tens, and Hundreds from the very beginning.

In Prep Class children start learning the art of calligraphy and the use of is, am, are, has and have. At the end of the academic year, children have a clear concept of nouns, verbs and vowels, and they are fully capable of writing sentences on any object.

## THE ENVIRONMENT

KIPS Pre-School is an extension of home which is helpful and conducive to the physical, intellectual and social development of each child.

Keeping in view Dr. Maria Montessori's quotation, "An environment is designed to meet the children's need for self-construction," KIPS Pre-School has been designed to meet the requirements as follows:

It provides adequate space for the growth potential of every student.

Everything at the school, such as, tables, shelves, wall-displays and many other things, is according to the child's physical capacity.

The Montessori equipment used here has been created and designed according to the international standards. It involves fine areas of curriculum i.e. EPL, Sensorial, Language, Maths, and Culture.

## ISLAMIC MORAL VALUES

We lay great emphasis on teaching Islamic moral values to the young children. Concept of Allah, the Holy Prophet (SAW), other Prophets, the Quran, and the Angels is given to the children in a noble way.

Children learn to know and practise other moral values, too, such as respect of the elders, speaking the truth and caring for others.

## CO-CURRICULAR ACTIVITIES

Co-curricular activities are very important for the overall development of a child. Various co-curricular activities are organized to develop an all-round personality of a child and to inculcate true spirit of religion in students. In this concern, the following activities/days were arranged in 2007:

Ramadan

Eidain

Eid Milad-un-Nabi

Ashura

Independence Day

Pakistan Day

Defence Day

Autumn Celebrations

Assembly Presentations

Field Trips

Carnivals

Sports Days

Annual Functions

Drama & Role Play

Pet Day

Occupation Day

## ASSEMBLY PRESENTATIONS

At KIPS Pre-School, we hunt, groom and help develop the natural talent and creative capabilities of each child. Every individual is encouraged to come up and speak or present his/her talent at the Assembly Presentations.

## STUDENTS PROGRESS

KIPS Pre-School teachers carefully monitor the work of each student's progress. Because teachers diligently work with students for three years, they get to know each student's strengths, weaknesses and interests. Teachers, hence, employ children's interests and provide alternate avenues for their overall accomplishment and success.

## ADMISSIONS

Admission is open for all classes from Level 1 to Matric on first come, first served basis with a limited number of seats reserved for each class.

Students are admitted on merit, their previous academic standing along with their performance in the admission test & interviews.

## ABSENCE

If your child is unable to attend school for any reason, please notify the school on the first day of absence by telephoning the school office before 10.00am preferably by sending an application.

Please note that children are not allowed to leave the school premises during the school hours unless:

- The school receives a note or telephone call from the parents
- An authorized adult collects the child

Parents must sign the book at reception if they take their child out during the school hours.

## HOLIDAYS

Sundays & selected religious & national days are observed as holidays.
